

HUN-REN ALFRÉD RÉNYI INSTITUTE OF MATHEMATICS

The HUN-REN Alfréd Rényi Institute of Mathematics is seeking applicants for a 2-year postdoctoral research fellowship in the field of

low dimensional topology

Candidates are expected to show outstanding promise in mathematical research and active participation in the institute's life.

The position comes with no teaching duties. Candidates are not required to speak Hungarian. The gross salary will be 1,000,000 HUF per month¹, supplemented by a travel grant of 500,000 HUF per year.

Deadline for application: 31st January 2026.

Applications must be sent by email to low-dimensional.topology@renyi.hu, with subject "LDT postdoc".

Applicants should attach a **single file (in PDF format)** to their e-mail, named

"[Applicant's surname]-[Applicant's first name].pdf",

which should include a CV (including list of publications) and a research statement (2-3 pages on past research and 2-3 pages on future plans).

In addition, **two letters of recommendation** should be sent directly by the referees to low-dimensional.topology@renyi.hu, with the subject line: Letter of recommendation for [applicant's full name]. Please name the letter's file

"[Applicant's surname]-from-[Referee's surname].pdf".

Applicants will be notified about the decision by 1st May 2026. For further information, please contact stipsicz.andras@renyi.hu or marengon.marco@renyi.hu.

¹The net salary in Hungary is 2/3 of the gross salary, unless tax discounts apply. For information on the cost of living in Budapest, see <https://www.numbeo.com/cost-of-living/in/Budapest>
