konferenciák és webináriumok vonatkozásában**

2024. július 17.

**TARTALOM**

I. Webinar on ERC Work Programme 2025 .....	1
II. Chemistry for Climate Action Challenge .....	1
III. EU-Japan Biotech & Pharma Partnering Conference 2024 .....	2
IV. EventX Life Sciences - Crossroads in healthcare .....	2
V. CIE research webinar on CIE research strategy 2023-2027 .....	3
VI. EARMA events and opportunities .....	3
VII. Open calls and applications .....	4

**I. Webinar on ERC Work Programme 2025**

Over EUR 2.7 billion will be available in ERC research grants for 2025. In this webinar, the following topics will be discussed: new funding opportunities, the budget allocations, the calendar, and the conditions.

Angela Liberatore and José Labastida from the ERC Executive Agency will present the plans for 2025 and answer questions from viewers.

Date: **12 September 2024, 15:00 – 16:30 CEST**

Place: **Online**

For more information and participation, click [Here](#). Please note that the organisers will provide the YouTube link soon.

**II. Chemistry for Climate Action Challenge**

The Chemistry for Climate Action Challenge is one of the Elsevier Foundation's flagship partnerships. Together with Elsevier's Sustainable Chemistry journals, the Elsevier Foundation provides funding of 25,000 dollars (USD) for 2 winning projects per year, implementing green & sustainable chemistry solutions in the Global South - advancing both Climate Action (SDG13) and Gender Equity (SDG5).

Proposals need to have all the criteria described, namely to have a strong green & sustainable chemistry component, using a novel approach for a solution to an urgent problem, be applicable in and suitable for low- and middle-income countries, replicable, scalable, sustainable and, have an impactful gender component, a full and detailed budget plan.

Application deadline: **15 September 2024**

You can read more information [Here](#).

### III. EU-Japan Biotech & Pharma Partnering Conference 2024

The EU-Japan Biotech & Pharma Partnering Conference 2024 offers business contacts to industry professionals looking for potential partners in the Biotech and Pharma sector. The event is co-organised by the Osaka Prefectural Government, the EU-Japan Centre for Industrial Cooperation and the Enterprise Europe Network and will be supported by various Bioclusters from Japan and Europe.

The target fields of the event cover drug discovery, drug discovery support including AI-assisted drug development, regenerative medicine, digital Therapeutics such as drug-device combinations and non-pharmacological therapy systems

The **online sessions** from **24 to 27 September** will have meetings arranged in the form of video calls, which can be made directly via the partnering platform without the need for any additional software.

The **on-site event** will be held on **7 October at the Hotel Hankyu International in downtown Osaka**. Please note that sessions at the Osaka event will be held onsite only. No online option will be provided for these. Participants can choose whether they participate in the online sessions in September only, or if they will be in Osaka for the on-site event as well.

Access to the platform is reserved for representatives of enterprises, research and educational institutions and other related organisations, that are active in the target fields and located in the European Union, Iceland, Norway, Liechtenstein, Albania, Bosnia and Herzegovina, Kosovo, Montenegro, North Macedonia, Serbia, Türkiye, Moldova and Ukraine or Japan.

Deadline: **30 September 2024**

Place: **Hybrid**

For more information and registration, click [Here](#).

### IV. EventX Life Sciences - Crossroads in healthcare

EventX Life Sciences - Crossroads in healthcare is a life science international event, a crossroads between research, clinical, market, innovation and health. During the event healthcare stakeholders will explore partnering opportunities and discuss technological approaches and solutions developed and under development to address the challenges and opportunities in the current and coming life science scenarios.

Participants will have the opportunity to take part in one-to-one meetings, conferences, thematic workshops, and to visit the exhibition area and the Pinwheel Pitching Stage where Startup Breeze finalists will compete in front of investors and industry professionals

Registration deadline: **1 October 2024**

Date: **8-9 October 2024**

Place: **Florence, Italy**

You can read more about the event [Here](#).

## V. CIE research webinar on CIE research strategy 2023-2027

The International Commission on Illumination announces an upcoming webinar led by Dr Jennifer Vetch, President of the CIE, on the “*CIE Research Strategy 2023-2027*.” This webinar offers an excellent opportunity to gain insights into the future direction of CIE’s research initiatives. Attendees will get an overview of the strategic priorities and key focus areas that will shape the research landscape over the next several years. Organisers expect the participation of researchers, research organizations, research funders and funding agencies.

Date: **10 October 2024**

Place: **Online, Zoom**

You can read more about the webinar [Here](#).

## VI. EARMA events and opportunities

### - **EARMA Leadership Event 2024: Experienced leaders and aspiring leaders**

The EARMA Leadership Event offers tailored opportunities for both experienced and aspiring research management leaders. Both activities for experienced leaders and aspiring leaders are part of the same series of events but are scheduled at different times for different target groups

The first session, aimed at leaders with over four years of experience, will be held **November 12-14, 2024, at the EARMA office in Brussels, Belgium**. This event will feature keynote presentations, peer learning groups, and case studies to enhance leadership skills and foster peer connections. Experienced leaders are welcome to sign up [Here](#), by **September 05, 2024**.

For those with up to four years of experience, the EARMA Leadership Event 2025 will also be held at the **EARMA office in Brussels, February 18-20, 2025**. Aspiring leaders can develop their skillset through engaging activities and are encouraged to sign up ([Link](#)) by **September 05, 2024**, to secure their participation.

### - **INORMS Congress 2025 – Call for Volunteer Expert Evaluators**

The EARMA Annual Conference Programme Committee (ACPC) is calling for volunteer expert evaluators to contribute their insights and support the creation of the INORMS Congress 2025 programme. As an esteemed member of this group, Evaluators will play a crucial role in curating content for this annual gathering. Please note that the INORMS Congress 2025 will replace the EARMA Conference in 2025, which will resume in 2026. Successful candidates will have an opportunity to review abstract submissions and help select high-impact sessions that will promote the sharing of the most up-to-date best practices in research management.

The deadline for submitting expression of interest as a INORMS Congress 2025 expert evaluator is **Thursday September 12, 2024, 12:00 CEST**. For more information and application, visit this [Page](#).

### - **Unlocking tomorrow: Tools for navigating the research horizon**

With international competition on the rise, the size, scope, and pace of research is intensifying. Researchers must innovate on the edge of discovery to secure funding and gain recognition amongst their peers and broader community. Although we are unable to predict the future, researchers can make strategic decisions with foresight that is grounded in data.

This webinar introduces new tools and methods for discovering research areas emerging on the horizon. With a trusted methodology and assistance of generative AI, research strategists will discover new topics emerging from published literature that point to where future breakthroughs are likely to occur. Participants

may learn how to interpret the data and use visualizations and interdisciplinary metrics to guide decisions. The webinar will occur on **17 September 2024, 14:00-15:00 CEST, online**. Link to the event might be found [Here](#).

## VII. Open calls and applications

Az alábbiakban tájékoztatást adunk azon nyitott eseményekről és pályázatokról, melyek az előző hírlevelekben megjelentek.
