TARTALOM

I. ERC Advanced Grant 2024 applicants webinar	1
II. The Abel Prize Nomination is available now	1
III. Campfire Stories RMA Day 2024 Edition	2
IV. Innowwide call for market feasibility projects	2
V. Lump Sum Funding in Horizon Europe: How does it work? How to write a proposal?	2
VI. Open calls and applications	3

I. ERC Advanced Grant 2024 applicants webinar

Are you preparing your application to the ERC Advanced Grant 2024 call to be submitted before the 29 August deadline? Assisting a Principal Investigator in their proposal preparation? Having doubts about how to fill in the new lump sum budget forms? Any other problem? On the final stretch of the AdG 2024 application period, esteemed call coordinators and lump sums experts will guide you over the submission process and answer your practical questions online.

Date: **19 August 2024, 11:00-13:00 CEST**

Place: **Online**

You can find more information about the webinar [Here](#).

II. The Abel Prize Nomination is available now

The call for nominations for the Norwegian Academy of Science and Letters' Abel Prize recognizing pioneering scientific achievements in mathematics is open now. The right to nominate is open to anyone. Nominations are confidential and a nomination should not be made known to the nominee. The prize can be awarded to a single person or shared for closely related fundamental contributions. The nomination should be accompanied by a CV, a description of the work and impact of the nominee/nominees, together with names of distinguished specialists in the field of the nominee/nominees who can be contacted for an independent opinion.

Deadline: **1 September 2024**

For more information, click [Here](#).

III. Campfire Stories RMA Day 2024 Edition

The EARMA Campfire Events are a very informal way to gather the EARMA community together online to network and have fun. The celebrations of International Research Administrators Day have increased in visibility globally, and this year's event is the third EARMA Campfire Event held in recognition of International Research Administrators Day. Participants will be encouraged to participate by sharing some of the realities of being an RMA using stories. These stories can be short (1 minute) up to 5 minutes. The idea is to learn about the life of an RMA.

Date: **25 September 2024, 14:00-14:45 CEST**

Place: **Online**

For more information, click [Here](#).

IV. Innowwide call for market feasibility projects

Funded by the European Union as part of the European Partnership on Innovative SMEs, the programme supports innovative SMEs to assess the viability of their commercial or research ambitions for internationalisation in a target country. By participating, SMEs can conduct market feasibility projects for their innovative solutions over a six-month period, working with local organisations based in their selected target country (in Africa, Americas, Asia or Oceania). SMEs can carry out a market feasibility project at different stages, such as when exploring or developing an R&D project idea, or after a successful R&D project to understand whether their new product, process or service might be commercialised in targeted global markets.

Deadline: **15 October 2024**

For more information about the programme and the eligibility criteria, please click [Here](#).

V. Lump Sum Funding in Horizon Europe: How does it work? How to write a proposal?

Horizon Europe uses lump sum funding to reduce administration and financial errors. In the upcoming session, participants will take a closer look at the practical experience of the lump sum grants in the framework of a panel discussion. Following the theoretical and practical aspects of lump sum funding, participants will be given the opportunity to pose their questions and discuss them in detail.

Date: **17 October 2024, 10:00-12:00 CEST**

Place: **Online**

You may find more information about the webinar [Here](#).

VI. Open calls and applications

Az alábbiakban tájékoztatást adunk azon nyitott eseményekről és pályázatokról, melyek az előző hírlevelekben megjelentek.
